1. BSPC Mission

The Baltic Sea Parliamentary Conference (BSPC) was established in 1991 as a forum for political dialogue between parliamentarians from all national parliaments, regional parliaments and parliamentary organisations in the Baltic Sea Region. The BSPC also interacts with other parliamentary and governmental organisations in the Baltic Sea Region and the Northern Dimension area.

The fundamentals and core principles of the cooperation in the BSPC are

- democratic values,
- the rule of law,
- human rights,
- peaceful neighbourliness,
- respect for international law,
- a resilient civil society and robust NGOs.

The mission of the BSPC is

to raise awareness of and provide opinions on issues of current political interest and relevance for the Baltic Sea Region;
to promote and drive various initiatives and efforts to support a sustainable environmental, social and economic development of the Baltic Sea Region;
and to enhance the visibility of the Baltic Sea Region and its issues in a wider European context.

The objectives and decisions of the BSPC are geared to initiate and guide political activities in the Baltic Sea Region, endowing them with additional democratic legitimacy and parliamentary authority with a particular focus on contributing to security, prosperity and a sound and sustainable status for its environment;
initiate all necessary measures ensuring the security of the peoples and the defence of the democratic values and democracies of its Member States.

The BSPC and its members are convinced of the need to protect free and independent media, including combatting disinformation and fake news; support and strengthen democratic institutions in the participating states; improve dialogue between governments, parliaments and civil society; strengthen the common identity of the Baltic Sea Region by means of close cooperation between national and regional parliaments with legislative powers on the basis of equality; intensify people-to-people contacts on all levels – parliaments, governments and civil society – as the backbone for peace, prosperity and the protection of the environment in the region; promote the exchange among and the inclusion of the youth and young people as a prerequisite for guaranteeing and securing the foundations of the Baltic Sea Region for future generations as well; promote equal opportunities, gender equity and diversity in our societies.

The BSPC may consider any matter of specific interest and relevance for the Baltic Sea Region, and may, if needed, give its opinion on such issues.

The political recommendations of the annual Parliamentary Conferences are expressed in a Conference Resolution adopted by consensus by the Conference. The adopted Resolution shall be submitted to the governments of the Baltic Sea Region, the CBSS and the EU, and disseminated to other relevant national, regional and local stakeholders in the Baltic Sea Region and its neighbourhood.

4. Resources 2023 - 2024

The BSPC has several working bodies which serve as resources for driving and implementing BSPC priorities and objectives.

The **Baltic Sea Parliamentary Conference** is the annual general assembly in the Baltic Sea Region for broad political debate on Baltic Sea issues. The Conference resolutions are political tools which enable the BSPC to take and support political initiatives and to approach the governments and regional organisations on issues of common interest.

The **host** of the 33rd BSPC, the **Danish Folketinget**, is responsible for the operational planning and execution of the 33rd Conference in Helsingør on 25-27 August 2024.

The **BSPC Standing Committee** (SC) is the highest decision-making body of the BSPC between the annual Conferences. The Standing Committee considers and decides on strategic issues concerning the mission, political priorities, working modes, finances and administration of the BSPC. The Standing Committee has the overall responsibility for preparing the annual Conference and for overseeing the structures and functions of the BSPC. The Standing Committee comprises parliamentarians from all national parliaments, regional parliaments and parliamentary organisations throughout the Baltic Sea Region. The Standing Committee convenes at least four times yearly (beginning of the year, in spring/summer, in connection with the Conference, and in autumn). The first SC meeting of the year should include a report from the CBSS. It may also include progress reports on the EU Northern Dimension, the EU Baltic Sea Strategy and the EU Integrated Maritime Policy. The SC also serves as Drafting Committee during the annual Conference.

The **BSPC Secretariat** (SE) consists of officials from the BSPC members and the Secretary General, who coordinates its work. The BSPC Secretariat is responsible for the preparation of the BSPC Standing Committee and Working Groups meetings as well as for overseeing the

preparations of the Annual Conference and for content. The Standing Committee is informed about the current business to supervise it.

The **BSPC Secretary General** (SG) manages the overall coordination of BSPC activities, prepares the groundwork in the BSPC bodies, delivers content, provides investigative resources and is responsible for administering the BSPC Joint Financial Mechanism as well as for other administrative and organisational matters and follow-up. The members of the Secretariat are involved in administrative and organisational questions and support this work.

The **BSPC Working Group** (WG) will – based on the agreement of the 32nd BSPC - aim to elaborate political recommendations within its defined field of thematic work. The Working Group will present its final report at the 34th BSPC.

The **BSPC Observers in HELCOM**, Ms Saara-Sofia Sirén (Finland) and Ms Beate Schlupp (Mecklenburg-Vorpommern), will follow the deliberations of relevant HELCOM bodies. That includes following and reporting on the developments in the field of Eutrophication.

The **BSPC Rapporteur on Sustainable Tourism**, President of Parliament Ms Birgit Hesse (Mecklenburg-Vorpommern), will follow and report on the developments in this field.

The **BSPC Rapporteurs on Integrated Maritime Policy**, Mr Jörgen Pettersson (Åland Islands) and Mr Philipp da Cunha (Mecklenburg-Vorpommern), will follow and report as co-rapporteurs on the developments in the field of Integrated Maritime Policy.

The **BSPC Rapporteur on Migration and Integration**, Ms Carola Veit (Hamburg), will follow and report on the developments in the field of Migration and Integration.
